Afraid

*I am afraid that my family will be pulled away,
I am afraid that they will not live to see another day.*

*I am afraid that the loneliness will get to me,
I am afraid every night sleeping in bed, hearing bombs go off in
my head.*

*I am afraid of the bubble of fear I'm in,
I am afraid of the gas making me feel light-headed again.*

*I know that my family will not live to see another day,
But I hope they do, I pray.*
