Waiting

*I am waiting for you,
Waiting for the day
You will come home.
The day when I'm not alone.
When I don't have to cook
For just myself.
When I can spend some time,
With someone else.*

*I am waiting for you,
Waiting for you
To make me smile.
I will wait
For a little while
But don't forget that I'm here.*

*Don't forget I am alone
And waiting for you,
To come home.*
